

Galapagos

Two hundred years after Charles Darwin set foot on the shores of the Galapagos Islands, David Attenborough travels to this wild and mysterious archipelago where scientists continue to make discoveries as they explore these remarkable islands.

Mea Maxima Culpa

Award-winning filmmaker Alex Gibney exposes the abuse of power in the Catholic Church - an institution that believed that because they stood for good they could do no wrong - and a cover-up that winds its way to the highest office of the Vatican.

Hitler

World-renowned experts investigate the man behind the monster - taking us into Hitler's mind and revealing what made him tick. They will pinpoint key moments in his meteoric rise from jobless loner to ruthless dictator, and his ultimate downfall.
